

ECE R27 Reflective Emergency Warning Triangle

This emergency warning triangle features a reflective surface for high visibility. Meeting ECE R27 standards, it is designed for quick deployment and provides a stable warning signal.

Product Overview

ECE R27 compliant reflective warning triangle designed for stable placement and high visibility.

Roadside Safety Essential

This ECE R27 compliant emergency warning triangle is engineered for high-visibility roadside safety, ensuring other drivers are alerted quickly in the event of a vehicle breakdown or accident. Featuring a robust, foldable design, it is constructed from durable PS material for long-lasting performance in various weather conditions. Its compact form factor allows for convenient storage, making it an essential tool for professional fleet management and personal vehicle safety kits.
