

Edge Banding Machine

This edge banding machine applies edge tape to various materials. It ensures precise and durable adhesion for a professional finish.

Product Overview

Compact design for easy operation and precise edge finishing.

Professional Edge Banding Solution

This portable edge banding machine is engineered for precision and efficiency in woodworking and furniture manufacturing. Designed to handle both straight and curved edges, it offers adjustable settings for various material thicknesses and types. The compact, robust construction ensures stability during operation, providing a clean and professional finish for small to medium-sized workshops.

Technical Specifications

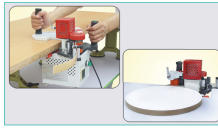

Detailed technical comparison between model variants.

Model Comparison

Feature	HB101	HB101-2
Net Weight	8.5 kg	9.2 kg
Motor Power	15 W	20 W
Total Power	765 W	645 W
Heating Power	750 W	625 W
Adhesive Pot Volume	160 ml	320 ml
Pre-heating Time	5-10 min	5-7 min

Performance & Capacity

Edge Bander/Чапadora de cantos/Громкоинформационный станок HB101

WEIHAI HELPFUL MACHINERY CO.,LTD

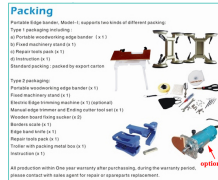

Versatile performance on straight and curved edges.

Feeding Speed	4 m/min
Adjustable Speed Range	2 - 6 m/min
Suitable Applications	Woodworking, Furniture Manufacturing, Straight Edge Banding, Curved Edge Banding

Included Accessories

Edge Bander/Чапadora de cantos/Громкоинформационный станок HB101

WEIHAI HELPFUL MACHINERY CO.,LTD

Standard kit includes essential tools for setup and maintenance.

Standard Contents

- Portable edge bander unit
- Fixed machinery stand
- Repair tools pack
- Instruction manual
