

# Electric Bicycle Battery Pack

This high-capacity battery pack is designed for electric bicycles. It features a durable aluminum casing for protection and heat dissipation, ensuring reliable power for extended riding range.

## Product Overview

### High-Performance E-Bike Power Solution

This high-capacity battery pack is specifically engineered for electric bicycles, offering reliable power for extended riding ranges. It features a robust aluminum casing designed for superior protection and efficient heat dissipation during operation. The sleek, rectangular design with a silver ridged body ensures compatibility and durability for various e-bike frames.

## Physical Characteristics

Casing Material	Aluminum
Design Features	Rectangular Form Factor, Heat Dissipation Ridges, Durable Construction

## Technical Specifications

Cell Chemistry	Lithium-ion
Primary Application	Electric Bicycles
