

Electric Cable Hoist - 250D

This electric hoist is designed for lifting applications. It features a motor, cable drum, and pendant control for operation.

Product Overview

High-Performance Electric Cable Hoist

This suspended electric cable hoist is engineered for efficient lifting operations in professional workshops and construction environments. Featuring a robust 1300W motor and a 60-meter extended wire rope, it provides reliable performance for heavy-duty tasks. The unit includes integrated safety features like an upper and lower limit device, ensuring operational security during use.

Performance Metrics

Key Performance Metrics

250 kg

Rated Lifting Weight

1300 W

Input Power

15 m/min

Lifting Speed

60 m

Lifting Height

Technical Specifications

Electrical Requirements	230V, 50Hz
Rope Diameter	5.1 mm
Method of Use	Single hook
Safety Features	Upper limit device, Lower limit device
