

Electric Clothes Iron with Adjustable Temperature Control

This electric clothes iron is designed for efficient wrinkle removal from various fabrics. It features a non-stick soleplate, adjustable temperature control, and a steam function.

Overview

Professional Fabric Care

This high-performance electric clothes iron is engineered for efficient wrinkle removal across a wide variety of fabric types. Featuring a durable non-stick soleplate and adjustable temperature controls, it ensures smooth gliding and precise heat application to protect delicate garments. With integrated safety mechanisms like overheat protection and auto-shutoff, this unit is designed for reliable, long-term use in demanding environments.

Technical Specifications

Power Consumption	1200 W
Voltage/Frequency	120V/60Hz
Water Tank Capacity	200 ml

Features & Design

Key Features

- Non-stick soleplate for smooth gliding
- Adjustable temperature control
- Steam function for stubborn wrinkles
- Ergonomic design
- Swivel cord for maneuverability

Safety & Compliance

Safety Features	Overheat Protection, Auto-Shutoff
