

Electric Commuter Bicycle with Storage

This electric bicycle is designed for urban commuting and leisure. It features a front basket and rear storage box, along with a step-through frame for easy access.

Overview

Urban Commuter Solution

This electric bicycle is purpose-built for urban commuting and efficient daily travel. Featuring a convenient step-through frame design, it allows for easy mounting and dismounting, while the integrated front basket and rear storage box provide ample capacity for personal items or groceries. Equipped with a reliable electric motor and battery system, this bike offers versatile assisted pedaling or full electric operation for a smooth, comfortable ride.
