

Electric Countertop Grill with Drip Tray

This electric grill features a ribbed cooking surface, ideal for grilling meats, vegetables, and other foods. It includes adjustable temperature controls, a non-stick surface for easy cleaning, and a removable drip tray to collect excess grease.

Product Overview

Professional Countertop Grilling Solution

This electric countertop grill is designed to provide efficient and consistent grilling performance for professional food service environments. Featuring a durable ribbed cooking surface, it is perfectly suited for searing meats and grilling vegetables with authentic grill marks. The unit includes adjustable temperature controls for precise heat management and a removable drip tray, ensuring both high-quality culinary results and simplified maintenance.
