

Electric Curve Cutting Saw

This electric curve cutting saw is designed with an adjustable base plate for creating bevel cuts. It features variable speed control, making it suitable for use with a variety of different materials.

Product Overview

High-Performance Curve Cutting Saw

This electric curve cutting saw is designed for precision and versatility in professional woodworking environments. Featuring a powerful 800W motor and variable speed control, it allows for clean, efficient cuts across various materials. Integrated LED lighting and laser guidance ensure maximum accuracy, while the quick-change blade system minimizes downtime during operation.

Technical Specifications

Power Output

800 W

Power

230 V

Voltage

Frequency

50 Hz

Performance

No-load Speed

500-3000 RPM

Maximum Wood Cutting Depth

80 mm

Features

Key Features

LED Lighting • Laser Guidance • Quick Blade Change
