Overview

Professional Electric Drill Press

This electric drill press machine is engineered for precision drilling operations in industrial and workshop environments. Featuring a robust motor and a sturdy frame, it provides the stability required for consistent performance across various materials. The series includes multiple configurations, such as the Z512 and ZQ41 series, offering versatile options to suit specific drilling application needs.

Technical Specifications

Construction

Robust Motor • Sturdy Frame • Stable Design

Available Model Types

Z512-2, Z512B, Z406C, ZQ4113, ZQ4116, ZQ4119, ZQ4125

Equipment Category

Electric Drill Press
