

Electric High-Pressure Washer

This high-pressure washer is designed for efficient cleaning of various surfaces. It features a durable construction with an integrated handle and wheels for easy maneuverability.

Product Overview

Efficient Cleaning Performance

This electric high-pressure washer is engineered for versatile cleaning tasks, suitable for both residential and light commercial environments. It features a robust design with integrated wheels and a handle for superior maneuverability. Equipped with a tri-axial plunger pump and a built-in thermal protector, it ensures reliable operation and longevity for various surface cleaning applications.

Key Features

Key Features

- Quick Connection for fast setup
- Tri-axial Plunger Pump
- Total Stop System
- Built-in Thermal Protector
- Adjustable Spray Lance
- Onboard Accessory Storage
- Integrated Detergent Tank with Adjusting Knob
- Functional Hose Reel

Technical Specifications

Performance Models

Model	Max Pressure (bar)	Rated Pressure (bar)	Power (W)	Flow Rate (l/min)
YLQ5691G65	65	45	1000	4.6
YLQ5691G100	100	67	1400	5.4
YLQ5691C130	130	90	1500	5.5
YLQ5691C140	140	95	1600	5.5

Hose and Cord Length

5 m
