Product Overview

High-Performance Cleaning Solution

This electric high-pressure washer is engineered for efficient and versatile cleaning tasks, featuring a robust motor capable of delivering up to 140 bar of pressure. Designed with user convenience in mind, the unit includes an integrated hose reel for tidy storage and a portable wheeled frame for easy maneuverability across outdoor surfaces. Safety is prioritized through built-in thermal protection, ensuring reliable operation for household and equipment maintenance.

Performance Metrics

Motor Power

1800 W
Max Power

Max Pressure

140 bar
Max Pressure

Flow Rate

7 L/min

Features & Design

Water Source

- Faucet Water Supply
- Water Suction Capability

Key Features

Hose Reel, Portable Design, Wheeled Frame, Self-resetting Thermal Cut-out

Technical Specifications

Technical Summary

Specification	Value
Motor Power Options	1600W / 1800W
Pressure Range	130bar / 140bar
Water Flow	7.0 L/min
Safety Protection	Thermal Cut-out
