

Electric Kettle with Water Level Indicator

This electric kettle quickly boils water for tea, coffee, and other hot beverages. It features a water level indicator and a capacity ranging from 0.5L to 1.7L.

Product Overview

Efficient Boiling Performance

This electric kettle offers a reliable 1.7L capacity, making it suitable for both office and kitchen environments. Designed with safety in mind, it features automatic shut-off and boil-dry protection to ensure operational longevity. The unit is constructed with a heat-resistant plastic housing and includes a removable filter for easy maintenance and clean water dispensing.
