Overview

Modern, aerodynamic styling designed for efficiency and rider comfort.

E-MUSTANG XRS Electric Motorcycle

The XRS is a high-performance electric motorcycle engineered for urban commuting and recreational riding. Combining a powerful 3000W brushless motor with a versatile 72V battery system, it offers a smooth, quiet, and emission-free riding experience. Designed with a focus on both aesthetics and functionality, it features a modern, aerodynamic frame, reliable hydraulic braking, and a comfortable ergonomic setup for daily use.

Performance

Digital instrument panel providing real-time data on speed, battery level, and trip information.

Motor Specifications

3000 W

Motor Power

72 V

Voltage

Speed & Range

Metric	Value
Max Speed	55-60 km/h
Range (1 Battery)	55-60 km
Range (2 Batteries)	115-120 km

Battery & Charging

Battery Type	Lithium, Portable, 72V 20AH
Charging Time	6-8 hours

Dimensions & Build

Ergonomic design features including a comfortable seat and rear cargo rack.

Dimensions (L*W*H)	1930*665*1143 mm
Wheelbase	1340 mm

Chassis & Safety

Equipped with reliable hydraulic disc brakes and responsive suspension for safe urban commuting.

Suspension

- Front: Hydraulic fork
- Rear: Double suspension

Braking System

- Front: Disc brake
- Rear: Disc brake

Tire Sizes

- Front: 130/60-13
- Rear: 120/70-12
