

# Electric Pallet Truck, 2000kg Capacity

This electric pallet truck is designed for the efficient and safe horizontal transportation of palletized goods. It features a user-friendly control handle for smooth operation and precise maneuvering in tight spaces.

## Overview

### Efficient Material Handling

This electric pallet truck is engineered for the efficient and safe horizontal transportation of palletized goods in demanding warehouse environments. Featuring a robust construction, it ensures long-term durability and reliability. The ergonomic design and user-friendly control handle allow for precise maneuvering, even in tight spaces, while the high-capacity battery supports extended operational runtimes.

## Performance

Load Capacity	2000 kg
Model Number	CBD20J

## Safety & Operation

### Operational Highlights

- Ergonomic control handle
- High-capacity battery
- Optimized for tight spaces

Safety Features	Emergency Stop, Automatic Braking
