Product Overview

Professional Cleaning Efficiency

This electric spin power scrubber is designed for versatile household and commercial cleaning, featuring a cordless, rechargeable design that eliminates the need for manual scrubbing. Equipped with an extendable wand reaching up to 104cm and a powerful high-torque motor, it effectively tackles soap scum, grime, and dirt in hard-to-reach areas. The unit includes three interchangeable brush heads, making it an ideal solution for maintaining bathrooms, kitchens, floors, and automotive surfaces.
