

Electric Step-Through Bicycle with Storage

This electric scooter bicycle is designed for urban commuting and leisure rides. It features a step-through frame for easy mounting and dismounting, a front basket, and a rear storage box for additional cargo capacity.

Overview

Urban Commuter Electric Bicycle

This electric step-through bicycle is engineered for efficient urban commuting and versatile daily tasks. Featuring a user-friendly step-through frame design, it ensures easy mounting and dismounting for riders of all types. With integrated front and rear storage solutions, it offers practical cargo capacity for groceries, parcels, or personal items, making it an ideal choice for city logistics and leisure.
