

Electric Step-Through City Bike with Integrated Lighting

This electric bicycle features a step-through frame, front basket, and rear rack. Integrated lighting and a comfortable saddle make it ideal for urban commuting.

Overview

Urban Mobility Solution

This electric step-through city bike is designed for seamless urban commuting and recreational riding. Featuring a convenient step-through frame for easy mounting and dismounting, it comes equipped with practical additions like a front basket and rear rack for carrying cargo. The integrated lighting system enhances safety, while the powerful electric motor provides smooth, assisted riding for a comfortable journey.
