Product Overview

Electric UV Insect Killer

This electric insect killer effectively attracts and eliminates flying insects such as mosquitoes, flies, and moths using a UV light source. Designed for safety and convenience, it features a protective outer cage to prevent accidental contact with the internal high-voltage grid. Constructed from durable ABS and PP materials, this unit offers a chemical-free pest control solution suitable for indoor environments.

Technical Specifications

Power Rating

3 W

LED Bulb Power

Item Number

GS-5708

Material

ABS, PP

Features & Functionality

Key Features

- UV light attraction
- High-voltage grid elimination
- Protective outer cage
- Removable collection tray
- Hanging hook for placement

Recommended Use

Indoor Use • Chemical-Free
