Product Overview

Industrial Lifting Performance

This electric wire rope hoist is engineered for demanding industrial lifting applications, including construction, manufacturing, and general maintenance. Designed for safety and reliability, it features a robust orange housing, a secure hook with a safety latch, and a user-friendly control pendant. With various models offering lifting capacities from 160kg to 500kg, it provides a versatile solution for vertical material handling needs.

Technical Specifications

Performance Matrix

Model	Capacity (kg)	Height (m)
SK-160	160	23
SK-190	190	18
SK-230	230	14
SK-300	300	14
SK-500	500	14

Wire Rope Dimensions: 29 mm diameter
