

Electrical Plastic Panel Box with Hinged Cover

This plastic panel box is designed for electrical and industrial applications. It features a transparent hinged cover for easy access and inspection of internal components.

Product Overview

Durable Industrial Enclosure

This electrical plastic panel box is engineered for robust industrial and electrical applications. It features a transparent hinged cover, allowing for convenient access and quick inspection of internal components without needing to open the main enclosure. Constructed from high-quality, impact-resistant materials, it ensures long-lasting performance and reliable protection for critical electrical equipment.

Key Features

Design Highlights

Transparent Hinged Cover, Impact-Resistant, Electrical Grade Plastic, Easy Inspection

Applications

Suitable Applications

- Circuit breaker housing
- Control panel enclosure
- General electrical installations
- Industrial equipment protection
