

Emergency Escape Hammer with Hardened Steel Head

This emergency escape hammer features a hardened steel head for breaking windows. It has a compact design and a durable red plastic handle for easy storage in vehicles.

Product Overview

Compact Emergency Escape Tool

This emergency safety hammer is designed for rapid window breakage in critical vehicle escape scenarios. Featuring a robust hardened steel head, it provides the necessary force to shatter glass efficiently. Its compact design ensures it can be easily stored in vehicles for immediate access during emergencies.
