

Excavator Bucket Tooth 9W8452

This bucket tooth 9W8452 is designed for CAT excavator J450 models. It provides enhanced wear resistance and extended service life in demanding construction applications.

Product Overview

High-Performance Excavator Bucket Tooth

The 9W8452 bucket tooth is a precision-engineered component designed for J450 series excavators, offering optimal digging performance and durability in demanding construction environments. Manufactured from high-strength alloy steel, it features excellent impact toughness and wear resistance to ensure an extended service life. This part is ideal for heavy-duty applications including excavation, trenching, and material handling.

Technical Specifications

Net Weight

- 10.7 KG
- 11.7 KG
- 12.0 KG

Part Number	9W8452
Material	Alloy Steel
Hardness	HRC 47-52

Compatibility & Application

Compatible Series

J450 • Caterpillar • Komatsu • JCB • Hyundai • Doosan

Primary Applications	Excavation, Trenching, Material Handling, Construction
----------------------	--

Manufacturing Advantages

Performance Features

- Good impact toughness and wear resistance
- Smooth and professional finish
- CNC drilled holes for accurate bolt matching
- Automatic electrostatic spray painting
- High-strength casting construction

Supply & Logistics

Delivery & Order Terms

10 pcs

Minimum Order (MOQ)

30 days

Lead Time

Logistics Information

Category	Details
Packing	Plywood case
Loading Ports	Ningbo, Shanghai, Guangzhou, Yiwu
Payment Methods	Trade Assurance, T/T, L/C

Service & Warranty

Warranty Coverage	24 months (Free replacement for abnormal wear or breakage under normal conditions)
Quality Certifications	ISO9001: 2015, SGS
