

Excavator Cutting Edge

This cutting edge offers high wear resistance for increased production efficiency. Its durable construction provides high reliability and fatigue resistance.

Product Overview

Heavy-Duty Ground Engaging Tool

This cutting edge is precision-engineered for heavy-duty earthmoving applications, including construction and mining. Designed for optimal performance, the component features precisely aligned mounting holes to ensure secure attachment and superior ground engagement. It is built to offer extended wear life, maintaining high efficiency in even the most demanding operational environments.

Compatibility

Compatible Machine Types

- Loaders
- Bulldozers
- Motor Graders
- Tractors
- Scrapers
- Electrical Shovels
- Underground Loaders

Supported Machinery Brands

Volvo, Komatsu, John Deere, Case, Liebherr, CAT, P&H, Bucyrus, TZ, Sandvik

Product Range

Additional Available Parts

- Bucket tooth tips
- Tooth adapters
- Lip and side shrouds
- Track shoes and chains
- Final drives and rollers
- Hydraulic cylinders
- Engine overhaul kits
- Turbochargers
