Product Overview

High-Efficiency Demolition Attachment

This 100mm rod hydraulic breaker is a versatile tool designed for integration with excavators and loaders to manage demanding demolition and excavation tasks. It excels in clearing rocks, reinforced concrete, and old building structures, serving as a modern, efficient alternative to blasting. Its robust design ensures safety and productivity across diverse industries including mining, railway construction, and urban infrastructure development.

Technical Specifications

Operating Performance

100 mm

Chisel Diameter

700 bmp

Max Blow Frequency

110 l/min

Max Oil Flow

Weight Details

- 479
- 761

Physical Dimensions

1900 x 390 x 910 mm

Compatibility

Compatible Carrier Brands

XCMG, CAT, KOMATSU, HYUNDAI, DOOSAN, HITACHI, KOBELCO, VOLVO, KUBOTA, SUNWARD, SANY, YUCHAI, FOTON, ZOOMLION, SANY, LINGONG, XGMA

Order Information

Certifications

CE Certified
