

Fender Flare Kit for 2012 Ford Ranger

Set of fender flares designed for the 2012 Ford Ranger. These flares provide additional tire coverage and protection from road debris.

Product Overview

Rugged Fender Flare Kit

This fender flare kit is custom-designed for the 2012 Ford Ranger, providing essential tire coverage and robust protection against road debris. Engineered for durability, these flares enhance the vehicle's off-road aesthetic while ensuring a precise fit. The complete kit includes all necessary components for installation on all four vehicle fenders, offering both functional utility and a rugged appearance.
