

Fiber Optic Patch Cord

This fiber optic patch cord is designed for reliable data transmission. Its features include precision connectors for minimal signal loss and compatibility with various networking standards.

Product Overview

High-Performance Fiber Optic Connectivity

This high-quality optical fiber patch cord is engineered for reliable, high-speed data transmission in demanding environments. Featuring a durable yellow jacket and precision-engineered connectors, it ensures minimal signal loss and optimal integrity for your network infrastructure. It is an ideal solution for telecommunications, data centers, and various high-bandwidth applications requiring consistent performance.

Technical Specifications

Jacket Color

Yellow

Key Applications

- Telecommunications
- Data Centers
- High-bandwidth Networking

Fiber Mode

Single-mode

Connector Types

SC, ST

Performance Metrics

Signal Performance

0 Low

Insertion Loss

0 High

Return Loss
