

Fiber Optic Patch Cord

This fiber optic patch cord is designed for reliable data transmission in communication networks. It features durable construction and precision connectors for optimal performance.

Product Overview

High-Performance Fiber Optic Connectivity

This fiber optic patch cord is engineered for reliable data transmission in professional communication networks. Featuring precision connectors and durable construction, it ensures optimal performance with low signal loss. Designed for versatility, it supports various high-bandwidth applications and is customizable to meet specific length and color requirements.

Technical Specifications

Connector Configuration	SC, LC, Duplex
Fiber Mode	Single Mode (SM)
Fiber Standard	G.652D

Logistics & Customization

Packaging Details

- 1pc per poly bag
- Includes individual test report

Available Lengths	0.5M to 50M
Color Customization	Yes
