

Fiberglass Handle Round Head Hammer

This round head hammer is designed for striking and shaping applications. It features a hardened steel head and a fiberglass handle for optimal impact resistance and comfortable use.

Product Overview

Professional Round Head Hammer

This round head hammer is engineered for precision and durability, featuring a high-quality hardened steel head designed for optimal impact resistance. The ergonomic fiber handle is built to provide a secure, comfortable grip while effectively reducing user fatigue during extended work sessions. It is an essential tool for metalworking, automotive repairs, and general construction applications.

Technical Specifications

Head Material	Hardened Steel
Handle Material	Fiberglass
Handle Colors	Red, Yellow
Model Identifier	JL0104

Applications

Primary Uses

- Metalworking
- Automotive Repairs
- General Construction
