

Five-Burner Gas Cooktop with Wok Burner

This hob features five gas burners, including a central wok burner, set on a sleek black glass surface. The control knobs are located at the front of the appliance, providing easy access and precise flame control.

Overview

Professional Cooking Performance

This five-burner gas cooktop is designed for versatility and high-performance cooking in modern kitchens. Featuring a sleek black glass surface, it combines aesthetic appeal with practical functionality. The inclusion of a dedicated central wok burner provides the intense heat required for stir-frying and rapid boiling, while front-mounted control knobs ensure safe and precise flame management.
