

Floor Standing Air Conditioner 24000-60000 BTU

This floor standing air conditioner has a wide capacity from 24000BTU to 60000BTU and is available in R22 and R410A refrigerant types. It features both fan coil and refrigerant type options.

Overview

High-Performance Floor Standing Air Conditioner

Designed for light commercial environments such as offices, hospitals, and shops, this floor-standing air conditioner offers a versatile capacity range from 24,000 to 60,000 BTU. It features a sophisticated cabinet design with a liquid crystal display, utilizing high-quality compressors for reliable performance. The unit is engineered for powerful, quiet airflow with automatic direction control and includes an auxiliary electric heating system to ensure comfort throughout the year.

Key Features

Key Features

- Magnificent cabinet appearance
- Liquid crystal display
- Long-distance and wide-angle airflow
- Large diameter turbofan for quiet operation
- Automatic airflow direction control
- Auxiliary electric heating system
- Strong dehumidification function

Technical Specifications

Performance Data

Model	Cooling (Btu/h)	Heating (Btu/h)	Suitable Area (m2)
KF(Rd)-70LW	24000	26000	30-45
KF(Rd)-100LW	36000	38000	35-60
KF(Rd)-140LW	48000	52000	70-100

Power Requirements

220 V

Standard Voltage (Small Unit)

380 V

Standard Voltage (Large Units)

50 Hz

Frequency

Operating Noise

- Indoor Noise: 41-46 dB(A)
- Outdoor Noise: 58-60 dB(A)
