

Floor Standing Air Conditioner with R410A/R22 Refrigerant

Floor standing air conditioning units provide cooling for residential or commercial use. The models support R410A and R22 refrigerants and offer cooling capacities of 18000BTU and 24000BTU.

Overview

Versatile Floor Standing Climate Control

This floor-standing air conditioning unit provides powerful cooling solutions for both residential and commercial environments. Designed for efficiency and ease of use, it features a clear digital display for monitoring temperature and settings. The system is engineered to be compatible with both R410A and R22 refrigerants, offering flexibility for different regional requirements.
