

Floor-Standing Home Theater Speakers

These floor-standing speakers are designed for home entertainment. They feature a multi-driver configuration with dual tweeters, mid-range drivers, and a bass reflex port for enhanced low-frequency response.

Product Overview

High-Performance Floor-Standing Audio

These floor-standing home theater speakers are designed to deliver a robust 100W audio output, perfect for immersive home entertainment. Featuring a multi-driver configuration including dedicated tweeter, mid-range, and woofer units, they produce clear highs, detailed mids, and deep bass response. With versatile connectivity options like Bluetooth, USB, and AUX, these speakers integrate seamlessly into any modern multimedia setup.
