

Floor Standing Split Air Conditioner

This floor-standing air conditioner provides efficient cooling. Featuring a sleek, white design with floral accents, this split-type system is suitable for residential or small commercial spaces.

Product Overview

Modern Floor Standing Split System

This floor-standing split air conditioner combines high-performance cooling with a sophisticated aesthetic. Featuring a sleek white finish and elegant floral accents, it is designed to integrate seamlessly into both residential and small commercial interiors. The vertical design offers a space-saving solution without compromising on the power and efficiency required for large rooms.
