

Folding Arched Aluminum Loading Ramp

This durable, lightweight folding ramp is made of aluminum. It features a high-traction surface and folds for compact storage.

Product Overview

Professional Loading Solution

This folding arched aluminum loading ramp is engineered for efficiency and safety when transporting wheeled equipment. Its unique arched bi-fold design effectively prevents equipment from bottoming out, making it ideal for ATVs, dirt bikes, snow blowers, and garden tillers. Lightweight yet durable, it features a high-traction surface for reliable grip and includes safety straps for secure operation.

Dimensions & Weight
