

Folding Bicycle with Shimano Drivetrain

This folding bicycle is designed for urban commuting and easy storage. It features a durable steel frame, Shimano drivetrain, and a frame lock for secure folding.

Product Overview

Compact Urban Mobility

This folding bicycle is expertly engineered for efficient urban commuting and space-conscious living. Featuring a robust steel frame with a reliable folding mechanism, it transitions effortlessly from a daily commuter to a portable package for easy storage. Equipped with a precision Shimano drivetrain, the bike provides consistent and smooth gear transitions for varying city terrain.
