

Freestanding Hot and Cold Water Dispenser

This freestanding water dispenser provides both hot and cold water. It features a top-loading design, indicator lights, and a removable drip tray.

Overview

Professional Water Dispenser Solutions

This freestanding water dispenser is designed for efficient hot and cold water delivery in office or commercial environments. Available in two cooling configurations—compressor or electronic—it adapts to different usage requirements. The unit features a durable build with options for storage cabinets or integrated refrigeration, ensuring both functionality and convenience for high-traffic areas.
