

Fuel Injector 387-9434 for Diesel Engines

This fuel injector is compatible with 324D, 325D, 329D, 330D, and 336D engines. It ensures precise fuel delivery, optimizing engine performance and fuel efficiency.

Product Overview

Precision-engineered common rail fuel injector for heavy-duty diesel engines.

High-Performance Fuel Injection

This fuel injector assembly is specifically engineered for diesel engines, providing precise fuel delivery to optimize combustion and performance. Designed for durability in heavy-duty machinery, this unit features a 6-hole nozzle configuration for efficient fuel metering. It is an essential replacement component to maintain reliability, fuel economy, and smooth engine operation.

Technical Specifications

Nozzle Hole Count	6
Material	Steel
Compatible Engine Models	324D, 325D, 329D, 330D, 336D, C7

Logistics and Trade

Shipping Options

- DHL
- FedEx
