

Full-Automatic Top-Loading Washing Machine

This full-automatic washing machine is designed for household use. It features a transparent lid, digital control panel, and a durable white plastic exterior.

Overview

Efficient Household Washing Solution

This full-automatic top-loading washing machine is designed to provide reliable cleaning performance in a compact footprint. With a 7.0 kg capacity, it is well-suited for standard household laundry needs while maintaining energy efficiency with a 400 W power input. Its user-friendly digital control panel and transparent lid allow for easy monitoring and operation, making it an ideal choice for small living spaces.
