

Full Function Steam Iron for Garment Care

This full function steam iron is designed for efficient and effective garment care. It features a durable soleplate, variable steam settings, and an anti-drip system.

Product Overview

Professional Garment Care Solution

This full-function steam iron is engineered for efficient and effective garment care, featuring a durable, smooth-gliding soleplate suitable for various fabric types. It offers versatile steam options including vertical steam, powerful burst, and variable control, alongside essential safety features like auto-shut off and anti-drip systems. Designed for both convenience and performance, the iron includes a self-cleaning function and an ergonomic handle for comfortable, long-term use.
