

Full Suspension Mountain Bike

This full suspension mountain bike is designed for off-road riding. It features a multi-speed drivetrain, disc brakes, and a suspension system.

Overview

Built for Rugged Terrain

This full suspension mountain bike is engineered for demanding off-road environments, featuring a robust silver-colored frame designed to handle technical trails. Equipped with a comprehensive suspension system, including a front fork and rear coil shock, it provides superior shock absorption and control. With reliable disc brakes and a multi-speed drivetrain, this bike offers the versatility and stopping power required for professional-grade trail riding.
