

Gasoline Concrete Floor Saw - 14-inch Blade, Portable Design

This concrete floor saw is designed for cutting concrete and asphalt surfaces. It features a gasoline engine and a 14-inch diamond blade for efficient cutting.

Overview

Professional Concrete Cutting Solution

The CBC-14-H is a robust and portable concrete saw designed for cutting concrete, asphalt, and other hard materials. It features a powerful gasoline engine and a sturdy frame with wheels for easy transportation, making it ideal for construction, demolition, and road maintenance projects. The unit includes a water cooling system to reduce dust and extend blade life, while adjustable settings provide versatility for various cutting applications.

Technical Specifications

Compatible Blade Sizes

- 254mm (10")
- 305mm (12")
- 356mm (14")

Cutting Performance

420 /h

Cutting Efficiency

70 mm

Min. Cutting Length

120 mm

Max. Cutting Length

Dimensions and Power

Machine Dimensions

| Dimension | Value | Unit |
|-----------|-------|------|
| Length | 960 | mm |
| Width | 450 | mm |
| Height | 730 | mm |

Power Output

4 kW

Max Power (kW)

4.5 PS

Max Power (PS)

Engine Model

GX160
