

# Gasoline Powered Brush Cutter

This brush cutter is equipped with a 1E40F-9 engine and a recoil starter for easy starting. It features a 900ml fuel tank and a diaphragm carburetor.

## ADDITIONAL IMAGES

## Overview

### Professional Performance Brush Cutter

This gasoline-powered brush cutter is engineered for high efficiency and reliability in demanding landscaping environments. Featuring a powerful 41.5 cm<sup>3</sup> engine with a diaphragm carburetor, it delivers stable performance and low vibration for extended operation. Designed with a robust 28mm operating rod and an original high-quality gearbox, this tool ensures consistent power transmission for heavy-duty cutting tasks.

## Engine Specifications

### Power Output

**1.5 kW**

Power (kW)

**2 hp**

Power (hp)

Engine Model	1E40F-9
Engine Displacement	41.5 cm <sup>3</sup>
Starting Method	Recoil starter
Carburetor Type	Diaphragm
Fuel Tank Capacity	900 ml

## Physical Attributes

### Weight (Gross/Net)

**9 kg**

Gross Weight

**8.2 kg**

Net Weight

Operating Rod Diameter	28 mm
Operating Rod Length	1495 mm

## Key Features

Performance Features	Easy starting, Stable performance, Low vibration, High efficiency
