

Gasoline Powered Chainsaw

This gasoline powered chainsaw is a reliable tool for demanding cutting tasks. It features a robust engine and a high-quality Oregon chain for efficient performance in felling trees, pruning branches, and cutting firewood.

Product Overview

Professional Grade Gasoline Chainsaw

This high-performance gasoline chainsaw is engineered for demanding cutting tasks, including felling trees, pruning, and firewood preparation. Powered by a reliable 52cc 2-stroke engine, it offers a robust 2.1kW output for efficient operation. Designed with user comfort and safety in mind, it features an easy-start system and ergonomic handling, making it an essential tool for forestry and landscaping professionals.
