

# Gasoline Powered Earth Auger

This earth auger is a powerful and efficient tool for drilling holes in the ground. It features a 51.7 ml displacement and a power output of 1.3kW at 7000rpm.

## Overview

### Professional-Grade Earth Auger

This portable gasoline-powered earth auger is engineered for efficiency and power in various ground-drilling applications. Designed to simplify tasks like tree planting and fence post installation, it offers versatile performance with drill bit options ranging from 80mm to 250mm. Its robust construction ensures reliability for demanding landscaping and construction projects.

## Technical Specifications

### Power Output

**1.3 kW**  
Power

**7000 rpm**  
at

Engine Model	1E44F-2A
Displacement	51.7 ml
Gross Weight	9.6 kg

## Capabilities

### Compatible Drill Bits

- 80mm
- 100mm
- 150mm
- 200mm
- 250mm

Primary Applications	Tree Planting, Fence Post Installation, Ground Drilling
