

Gasoline Powered Four-Wheel Lawn Mower

This gasoline-powered lawn mower is designed for residential lawn maintenance. It features a four-wheel design and a rear-mounted grass collection bag.

Product Overview

Professional Performance Lawn Care

This gasoline-powered four-wheel lawn mower is engineered for efficient residential lawn maintenance. Powered by a robust four-stroke engine, it offers reliable cutting performance and consistent power across various grass conditions. The durable metal deck construction ensures long-term resistance to wear, making it a reliable solution for professional-grade lawn care needs.

Technical Specifications

Engine Type	Four-stroke gasoline engine
Deck Material	Durable metal
Wheel Design	Four-wheel

Features

Collection System

Rear-mounted collection bag

Control Features

- Engine operation controls
- Adjustable cutting height
