

# Gasoline Powered High Pressure Washer

This gasoline powered high-pressure washer delivers high pressure for effective removal of dirt, grime, and debris. The durable frame and wheel design ensure portability and stability during operation.

## Product Overview

### High-Performance Cleaning Solution

This gasoline-powered high-pressure washer is engineered for demanding cleaning tasks, providing effective removal of dirt, grime, and debris from various surfaces. Powered by a reliable 6.5HP 168F-1 engine, it combines high-pressure output with a durable frame design. Built for both professional and home applications, the unit features intuitive controls and excellent portability for versatile use.

## Technical Specifications

### Engine Power

**6.5 HP**

Engine Horsepower

### Power Source

Gasoline

### Engine Model

168F-1

## Design and Usability

### Portability

- Durable frame design
- Integrated wheel system
- Stable operation base

### Ease of Use

Yes
