

Glass Display Cabinet with Storage Drawers

This display cabinet features a glass enclosure and adjustable glass shelves. It is elevated on a solid base with three storage drawers and includes a lock for security.

Product Overview

Professional Display & Storage Solution

This tall, freestanding display cabinet is designed to provide an elegant showcase for collectibles, retail merchandise, or museum pieces. Featuring an expansive glass enclosure with adjustable shelving, it ensures optimal visibility from all angles. The unit also includes a solid base with three integrated storage drawers for concealed organization, making it a highly versatile choice for both commercial and residential interiors.
