Product Overview

Premium Glitter Film Sun Shield

This automotive sun shield features a unique golden onion film combined with durable aluminum foil, providing superior heat insulation and UV protection. Designed for convenience, the foldable structure allows for easy storage without taking up valuable space, while the specialized U-shaped cutout ensures a perfect fit around rear-view mirrors. With reinforced stitching and high-adsorption swallow-tail suction cups, this sunshade offers a robust and reliable solution for keeping vehicle interiors cool.

Technical Specifications

Installation Accessories

- Swallow tail suction cups
- Elastic storage band
