

Gloss Black Alloy Wheel with Split Five-Spoke Design

This alloy wheel features a split five-spoke design. The wheel has a glossy black finish accented with silver.

Product Overview

Premium Gloss Black Alloy Wheel

This high-performance alloy wheel features a sophisticated split five-spoke design that combines structural integrity with a modern, aggressive aesthetic. Finished in a premium gloss black with precision-machined silver accents along the spoke edges, it provides an immediate visual upgrade to any vehicle. Engineered for durability and style, this wheel is an ideal choice for professional automotive applications requiring a refined, high-end appearance.
