

Granite Stair Steps with Wrought Iron Railing

These stair steps are made of granite and feature a polished finish. A simple, curved wrought iron railing complements the steps, providing safety and enhancing the staircase's visual appeal.

Product Overview

Elegant Granite and Iron Staircase

This premium staircase combines the durability and aesthetic appeal of polished granite with the timeless strength of wrought iron. Featuring a warm, speckled granite finish, these steps add a sophisticated visual texture to any interior. The accompanying wrought iron railing offers both essential safety and a modern, curved design element that elevates the overall architecture.
